REPLY TO EXAMINER'S ACTION

Dear Sir:

This communication is responsive to the Examiner's Action mailed on October 19, 2004.

In that action, the Examiner allowed all of the pending claims (1 - 26) and closed prosecution on the merits. The Examiner indicated that the application was in condition for allowance, except for two issues relating to the originally submitted Oath/Declaration. The Examiner points out that the originally submitted Inventors' Declaration (which used a then-current USPTO form) did not identify the mailing address of each inventor, and did not identify the city and state of residence of each inventor. According to the Action, "the mailing address may be provided

Applicants take this opportunity to urge the Office to change the correspondence address for this application to:

All formal matters respecting this Application having now been resolved, Applicants respectfully request that the Examiner issue a Notice of Allowance.
